

Seven Devils

Florence And The Machine

Am **F** **G**

Holy water cannot help you now

Am **F** **G**

A thousand armies couldn't keep me out

Am

I don't want your money

F **G**

I don't want your crown

Am **F** **G**

See I've come to burn your kingdom down

Am **F** **G**

Holy water cannot help you now

Am **F** **G**

See I've come to burn your kingdom down

Am **F** **G**

And no rivers and no lakes can put the fire out

Am **F** **G**

I'm gonna raise the stakes, I'm gonna smoke you out

Am

Seven devils all around me

F **G**

Seven devils in my house

Am

See they were there when I woke up this morning

F **G**

I'll be dead before the day is done

Am

Seven devils all around you

F **G**

Seven devils in your house

Am

See I was there when I woke up this morning

F **G** **Am**

I'll be dead before the day is done

F **G** **Am** **F** **G**

Before the day is done

Am

F **G**

And now all your love will be exorcised

Am **F** **G**

And we will find your sayings to be paradox

For what has been done

Cannot be undone

In the evil s heart
