

As Far As I Could Get  
Florence + The Machine

[Intro] Am G Am G  
Am G Am G

Am G Am G  
In a celestial vault, I drew bedraggled breaths

Am  
Cause I am unloved

G Am G  
I went as far as I could get

Am G  
And the cedars like spires

Am G Am G Am  
Wasting my goddamn time

G Am G Am G  
Pass the museum of death, and the mad man yelling answers

Am G Am G  
I sail on new beginnings, as psychics taking chances

Am G  
And the cedars like spires

Am G Am G Am G  
Wasting my goddamn time

F G Am F  
As far as I could get, I went as far as I could get

Dm Em Am G Am G  
And the cedars like spires, wasting my goddamn time

Am G Am G  
Pass the spires and the temple, looking like a Disney castle

Am G Am G  
Went as far as I could get, past the girls late for rehearsal

Am G Am G  
For a pirate on the left, and Jesus on the right

Am G Am G  
And the pacific sweeps through like a bird in flight

F G Am F  
As far as I could get, I went as far as I could get

Dm Em Am G Am G  
And the cedars like spires, wasting my goddamn time

F G Am Em  
Cause if I am unloved, I have unloved too

F G Am Em  
Cause if I am unloved, I have unloved too

F G Am F

I went as far as I could get, I went as far as I could get  
F G Am Em  
I went as far as I could get, I went as far as I could get

Past the city and the sermons, the cemetery standing still  
F G  
Am G

Past the mountain and the monument, the houses and the hills  
Dm G Em

Past the signs and the sirens, the sinners and the saints, I went as far as I  
could get  
F G Am

Past the hallowed and the horror, the humbled and the greed, I went as far as I  
could get  
F G Am G Am

Cause if I am unloved, I have unloved too

I went as far as I could get, I went as far as I could get  
G Am G Am

I went as far as I could get, I went as far as I could get
