

Queen Of Peace
Florence + The Machine

Am G
Oh, the king

F
Gone mad within his suffering

Am G
Called out for relief

Em F
Someone cure him of his grief

Am G
His only son

F
Cut down, but the battle won

Am G
Oh, what is it worth

Em F
When all that s left is hurt

Am G
Like the stars chase the sun

C Dm
Over the glowing hill, I will conquer

Am G
Blood is running deep

C Dm
Some things never sleep

Am G
Suddenly I m overcome

C Dm
Dissolving like the setting sun

Am G
Like a boat into oblivion

F Dm
Cause you re driving me away

Am G
Now you have me on the run

C Dm
The damage is already done

Am G
Come on, is this what you want

F Dm
Cause you re driving me away

Am
