

Always does her best to please

**Am G**

Is it any use

**Em F**

Somebody s gotta lose

**Am G**

Like a long stream

**F**

I ll bear all this echoing

**Am G**

Oh, what is it worth

**Em F**

All that s left is hurt

**Am G**

Like the stars chase the sun

**C Dm**

Over the glowing hill, I will conquer

**Am G**

Blood is running deep

**C Dm**

Some things never sleep

**Am G**

Suddenly I m overcome

**C Dm**

Dissolving like the setting sun

**Am G**

Like a boat into oblivion

**F Dm**

Cause you re driving me away

**Am G**

Now you have me on the run

**C Dm**

The damage is already done

**Am G**

Come on, is this what you want

**F Dm**

Cause you re driving me away

**Am G**

And my love is no good

**C Dm**

Against the fortress that it made of you

**Am G**

Blood is running deep

**C Dm**

Sorrow that you keep
