

**Little White Lies**  
**Florrie**

*Intro:*

**G Bm D A**

*Verse:*

**G Bm D A**

Victim of my own good intentions, I can't say no  
My hands tied, I'm trying to stay afloat

*Pre-Chorus*

**Em Bm D A**

**G Bm D A**

I've been feeling like I'm out on the edge again  
My breathing shallows, I can't pretend

*Chorus:*

**G Bm D A**

Little white lies  
We came for ourselves, and will never tell  
Ain't hurting nobody with  
Little white lies  
Nobody else gets together  
Hope that nobody knows

These little white lies  
We came for ourselves, and will never tell  
Ain't hurting nobody with  
Little white lies  
Nobody else gets together  
Hope that nobody knows  
These little white lies

*Verse:*
