**Fly My Pretties**

Song: Fly My Pretties  
Artist: Fly My Pretties  
Album: Live at Bats  
tabbed by James van Rooyen

The verse will use the main riff throughout, which on guitar I like to combine with the bass line (by using my ring finger for the Riff 1 note, while my index does the bass line).

Intro

Riff 1

Riff 1

Well Wellingtonâ€™s a small town  
But it packs a lot of punch  
Thereâ€™s talent oozing from the walls  
They eat ideas for lunch

**Asus2**

It can get a little claustrophobic even if you try

**E** Riff1

Fly my pretties, fly

Well I reckon this townâ€™s brilliant  
In lots of different ways  
But it doesnâ€™t have the money or the glamour of LA  
Iâ€™m sure youâ€™ll make it there,

**Asus2**

The stars are shining bright

**E** **Asus2**

If you have to go then fly

Chorus:

**D A**

Fly away

**E** **Asus2**

As long you come back some day

**D A**

Fly away

**E** **Asus2**

Hope to see you round some day

Riff 1

Well I've lived here my whole life

And sure the living's sweet

But what I want's the whole world just to listen to my beats

**Asus2**

The only way to do this is travel far and wide

**E** **Asus2**

So if you have to go then fly

Riff 1

They say that there's a brain drain

And I reckon that it's true

Our best are cruising off shore just to make a buck or two

**Asus2**

It seems a little sad that we can't do it all right here

**E** **Asus2**

But if you have to go take care

Chorus

[Little guitar bit]

Chorus

X2

End Riff
