(do chords; **Em-G-**;))
I ve written songs in the dark
I ve felt inspired in the dark
I hide myself in the dark
Used to be afraid of the dark
Those in the light know we die in the dark

(do chords; **Em-G-Bm**;))
There s only artificial light here
My flaws hide well here
I used to be afraid of cluttered noises
Now I m afraid of silence
G-F#m
Fill this space, idle words

chorus;
(do chords; **Em-A-G-F#m-**;))
I m scared to death of light and silence
Jesus, kill me inside this
A-G
Raise me up to live again
A-G
Like you did, like you did

(co stanza chords)
Now I am mute, despite myself
All of them are gone
The silence overtakes me
The idle words forsake me
And I am left to face me
I m held accountable
For every idle word
Curse the idle words

--repeat chorus--

Em-F#-G-A
Glory shows up
Exposes us
Bbm-Bm

I m naked here
Forsaken here, by the dark, by the dark
DAMN THE DARK!

--repeat chorus--
