**Bm** **G**  
when you walk into the room

and instantly i feel so complete  
**Bm** **A**  
it hits me right about the time you kiss my cheek  
**D**  
and you give me this feeling  
**F#m**  
its like no other feeling

**Bm** **G**  
but it knocks me off my feet

**G** **A**  
please dont ask me what i like about you

**D** **F#m** **Bm** **A**  
cause its every little thing you do

**G** **A** **D F#m Bm A** **D F#m Bm A**  
and thats just the way you make me feel

[Verse 5]

**D** **F#m**  
and i dont think

**Bm** **A**  
that there are any others out there like you

**D** **F#m** **Bm**  
and i wont blink cause that would mean

**G**  
i would miss a second beside you

[Bridge]

**D** **F#m** **Bm**  
and maybe you know what i mean

**A** **D**  
or maybe this is just a dream

**F#m** **Bm**  
i pinch myself just to make sure

**A** **D**  
but im still here and there you are

**F#m** **Bm**  
i wonder why we just met now

**A** **D**  
it just kind of happened somehow

**F#m** **Bm**  
but here we are together and

**A**  
thats all that matters in the end

[Chorus]

**D** **F#m**  
and instantly i feel so complete

**Bm** **A**  
it hits me right about the time you kiss my cheek

**D**  
and you give me this feeling

**F#m**  
its like no other feeling

**G**  
but it knocks me off my feet

**G** **A**  
please dont ask me what i like about you

**D** **F#m** **Bm** **A** **G**

cause its every little thing you do

**A** **D F#m Bm A** **D F#m Bm A**

and thats just the way you make me feel

**G** **A**

you can never ask for too much

**D** **F#m** **Bm** **A** **G**
