D **A**
You re amazing but you re taking too much time
Bm
I ve only got six candles left
G
And I m trying to keep this off my mind
D **A**
It s getting darker but it s the way they make feel
Bm
They try to fill my head with questions
A **G**
They all doubt you but I know you re real

D **A**
If it takes time then I ll be patient
Bm
Know that I will still believe
G
I ll take your hand and hold it tightly
D
Because I know you ll carry me

CHORUS:

A **Bm** **G** **D**
Take me high, Take me in, Take these last six candles
A **Bm**
And when I m tired, of wearing thin.
G **D**
Give me the strength to carry on
A **Bm** **G** **D**
Here I am, see my hands, take these last six candles
A **Bm** **G**
We re moving on, we ll keep, keep, moving on

D **A**
And I m so thankful for every breath I take
Bm
Theres not a moment that goes by
G
I waste wiping tears out of my crying face
D **A**
Don t look so sad, you ve missed the point
Bm
I m still so glad I knew you against the odds
G **D**
I ll take my chances and burn this candle through you

D **A**
If it takes time then I ll be patient
Bm
Know that I will still believe
G
I ll take your hand and hold it tightly
D
Because I know you ll carry me

CHORUS:

A **Bm** **G** **D**
Take me high, Take me in, Take these last six candles
A **Bm**

And when I m tired, of wearing thin.
