I called you up three times last night
C
Running through the streets

Bloody, from a fist fight

Keep you warm

Keep you there

Wanna keep you all

Am Bm
See you there, wanna see you some day

Em D
As you look back, I m pulling away

Am Bm
You caught the bus and I caught the train

Em D Am
All that remains are words in the rain

(Em D Bm C)

Em D
Give me the shade of a thunder cloud

C D
Give me a good-bye said out loud

Em D
Give me the day with no memories

C D
Give me it all

Em D
I know you could be here with me

C D
By the rain and the palm of the valley

Em D C D
But you re there by the tube stop in the freezing rain

See you there, wanna see you some day

Em D
As you look back, I m pulling away

You caught the bus and I caught the train

Em D Am
All that remains are words in the rain

(Em D Bm C)

Em D Bm
So solo, I see you there

You fall like a fifty weight

Em D Bm
Time goes, I ll be right there
