I didn t put any rhythm patterns on the chords because I figured they are easy
enough to
pick up from listening to the song. I also didn t put the second guitar s part.

[INTRO] (play Intro / Verse twice)

[VERSE 1] (play Intro / Verse four times)

Back and forth that voice of yours
that keeps me up at night
Help me search to find the words
that eat you up inside
I go side to side like the wildest tides in your hurricane
and I only hide what is on my mind because I can t explain

```
         G#                        Gm
```

What if I do, lord, what if I don t
            F#   Bb
I d have to lose everything just to find you

I d have to lose everything just to find you

[VERSE 2] (play Intro / Verse four times)

It s my turn this soul won t burn

wind them through the pines
Should I stay or should I go alone
I cannot decide

What if I do, lord, what if I don t
            F#   Bb
