Maybe This Christmas - For All Those Sleeping

C# G# F# x4

C#

I can't believe it's been a year

F#

Since our last Christmas year

A#m G# F#

I tried so hard to forget it

C#

Maybe it's the winter weather

F#

But I think year will be better

A#m G# F#

I doubt that you'll forget this

C#

G#

Maybe this Christmas, I'll get my wishlist

A#m G# F#

And you'll be back into my arms again

C#

G#

But if this Christmas, you are still with him

A#m G# F#

I'll have to make another wish instead

G# C# G# F#

I hope you both drop dead

C#

I'm looking at our Christmas tree

F#

With presents all tucked underneath

A#m G# F#

But I don't care about them

C#

THIS IS WHAT I WANT THIS YEAR! x2

C#

F#

It's all right you can let it snow

D#m G#

But this year I can do without the HO HO HO
