**For King & Country**

[Intro] **Am C G**

**Am C**  
You asked me to let go but I thought I knew better

**G**  
Afraid of surrender and what I don't know

**Am C**  
I've always had a plan but now I'm so weary

**G**  
And I can't see clearly, forgot who I am

**Am**  
So won't You make my eyes Your eyes

**C G**  
My ears Your ears, my tears Your tears

**Am**  
And won't you make my hands Your hands

**C G**  
My feet Your feet, my dreams Your dreams

**F C**  
I give up control, oh, oh whoa

**F C**  
Body, mind, and soul, oh, oh whoa

**G F C G**  
Can't do this on my own, no, no

**Am C G**  
I give up control

**Am C**  
Can I speak honestly? I've still got some questions

**G**  
Still fightin' attention, I need some relief

**Am C**  
No, I'm no Superman, this is my confession

**G**  
Been learnin' my lesson, help me understand

**Am**  
So won't You make my eyes Your eyes

**C G**  
My ears Your ears, my tears Your tears

**Am**  
And won't you make my hands Your hands

**C G**  
My feet Your feet, my dreams Your dreams

**F C**  
I give up control, oh, oh whoa
