It makes me ache that we had to break

We ll never share a name never before
But I will always remember the years we spent to love

I still think of you
I pray that you were save
I m still missing you
But it has to be this way cause

I m not right for you
And that s why love s to blame

Chorus: (Same chords)

And I can t see you right now
Cause I just can t fake it
Can t be near you right now
Cause I know you re no longer mine
I can t see you right know
Cause I just can t take it
Can t be near you right now
Cause I know you re no longer mine
And I can t see you
No, I can t see you
I just can t see you, right now
