We don t say goodbye, so we ll just say goodnight

This is the last time, so jump into that fire

We don t say goodbye, we ll just say goodnight

No, no

Wherever you are, when I m on the road

We don t have to feel alone

I m calling home for you, for you

Lay down so I don t feel so sick

Wake up to see you once again

This is the last time, so darling close your eyes

We don t say goodbye, so we ll just say goodnight

This is the last time, so jump into that fire, mmm

So jump into the fire

We don t say goodbye, we just say goodnight
