Luna Alt Mode
Forest Rain

Capo on 1
NOTE: This is based on Forest Rain s ridiculously high cover. (Which has a nice
extra verse)
For Odyssey Eurobeat/EurobeatBrony s original key, use **Ebm B G# F# Bb** / **Ebm B C#
Bb**
(keeping the capo on 1)
Using just the second set of chords might be more accurate, but I prefer it this
way.
Enjoy, rate, and spread it around.

Bbm   **F#**
For a thousand years I ve waited here for you
                   Ebm
Waiting every night
                               C#   **F**
For I thought you were the answer to my life
Bbm   **F#**
Days turned into years and into centuries
                      Ebm
Patience had to fade
                               C#   **F**
Don t you see that there is vengeance in my eyes?

Bbm   **F#**
Luna won t you cry for me
        G#   **F**
I m as lonely as I ve ever been
        Bbm   **F#**
I am forced back into the start
            G#   **F**   **Bbm**
Is there any way to fix a broken heart?

Bbm   **F#**
Infinite despise and endless jealousy
                      Ebm
Bottled in my soul
                         C#   **F**
Has erupted as I m tearing through the skies
Bbm   **F#**
I am the creature now that feasts upon your dreams
                             Ebm
and turns them to nightmares
                            C#   **F**
Now my anger will bring forth an infinite night

Bbm   **F#**

```
Luna won t you cry for me
        G#                  F
I m as lonely as I ve ever been
     Bbm           F#
I am forced back into the start
          G#          F           Bbm
Is there any way to fix a broken heart?
