

The Party Song
Forever the Sickest Kids

Tuning: Standard

Key: **G**

Saw that the only tab for this was wrong so I made one. These are only the chords and I do not include the bridge. I m not sure if the song is in **G** of not but this tab is in **G**.

G **D/F#** **C**
Well there s a party going on later on tonight

And everyone s invited

G **D/F#** **C**
Plus you, you know, you know, you can t stop me

I m partial to your lips and your eyes

They both compliment your thighs

D/F# **C**

G **D/F#**
You re the first to arrive

C
The first to take a drink

The first to hit the scene

G
And you make all the guys

Stumble into walls

C
Your showing off your curves

Your hiding under skirts

Your such a flirt

D/F# C

To every guy that you meet

G D/F# C

And why is purity so beautiful to me

G D/F# C

Filthy rag, a dirty whore I have been

G D/F# C

Could captivated as a prisoner of my sin

G

Your the first

D/F#

The first to arrive

C
