For fun

A **Bm**
I never thought about it before

A **D**
just close your eyes and ignore

A **Bm**
the dark that troubles you most

A **D**
don't let it be here

A **Bm**
and if you see it again

A **D**
hold your breath and pretend

A **Bm**
that you're already dead

A **G**
you'll never be alone

A **D** **A** **Bm**
I will always hold your hand, I'll never let you fall

G **A** **D** **A** **Bm**
cause nothing, nothing else matters at all

G **A**
if you're scared just think of me

D **A** **Bm**
cause you know I'd never let you be

G **A** **D**
anywhere, but with me

Bm A D

A **Bm**
Forget the story you heard

A **D**
why are you worried about the dirt

A **Bm**
I don't think that you'll mind

A **D**
when it's your time

A **Bm**
cause I will be there with you

A **D**
and we'll figure out what to do

A **Bm**
so that you don't get bored

A **G**
you'll never be alone
