I was on the run

I was racing for the sun

But I didn't ever know where you were at

D

I was dry and I was cold

A

I was hungry playing roles

But I didn't ever know which one was right

D

Then you took me to this place

A

Where you filled me with a trace

E

F#m

Of excitement I was thinking I could bread

D

Now I wonder about those days

A

Were they real or just waste

E

F#m

Was there ever any sense inside those words

I don't know how to forget and how to move on

Nothing can keep me ahead I'm in a hurry

Once I told you about a friend that I had when I was young

And the tragedies I kept so deep inside

And you told me about your scores, every friendship and the wars you'd been part of

since the day that you were born

And we painted up a world where we found a place to stay

With a garden filled with stories, tears and joy

Then one day you were just gone didn't seem to be the one

Who would leave without a single piece of note

I don t know how to forget and how to move on
Sometimes it feels like my mind is always chasing
Pick up the phone when I call cause I m so worried
Nothing can keep me ahead I m in a hurry

I don t know how
How can I forget
Pick up the phone when I call cause I m so worried
Nothing can keep me ahead I m in a hurry

I don t know how to forget and how to move on
Sometimes it feels like my mind is always chasing
Pick up the phone when I call cause I m so worried
Nothing can keep me ahead I m in a hurry

I don t know how to forget and how to move on
Sometimes it feels like my mind is always chasing
Pick up the phone when I call cause I m so worried
Nothing can keep me ahead I m in a hurry
