

Hung Up On You
Fountains of Wayne

Artist: Fountains of Wayne
Song: Hung Up on You
Album: Welcome Interstate Managers
Tabbed by: Naseem Hyder

G#

While I down Kentucky bourbon

C#

I am waiting for a call

Eb

And the moon and stars tonight

G#

Are playing shadows on the wall

G#

With the moon the way it is, dear

C#

Would you answer out of spite

Eb

G#

Or are you feeling lonely tonight

G#

Cause I remember last time

C#

We were out under the stars

Eb

Driving crooked down the highway

G#

Drinking beer in roadside bars

G#

And now and then I wonder

C#

Why this painful memory

Eb

G#

Can never find its way to you from me

CHORUS

G#

And I can't dial the phone just now

C#

Even though I know your number

Eb

G#

Can't bring my broken heart to be untrue

G#

Like you did today

C#

You ll say goodbye the same old way

Eb

Ever since you hung up on me

G#

I m hung up on you

Well the house I m ringing up from

Is a half a mile from you

But with the reception I m getting

Might as well be Timbuktu

And behind the door of your home

Is a strange and foreign land

Where you speak a language I don t understand

CHORUS

Now I m going down to Jimmy s bar

Like a thousand other times

With an appetite for poison

And a suitcase full of dimes

And I ll wait there by the payphone

With one hundred other guys

With those sorry hung-up teardrops in our eyes

CHORUS
