

**Hung Up On You**  
**Fountains of Wayne**

Artist: Fountains of Wayne  
Song: Hung Up on You  
Album: Welcome Interstate Managers  
Tabbed by: Naseem Hyder

**F#**

While I down Kentucky bourbon

**B**

I am waiting for a call

**C#**

And the moon and stars tonight

**F#**

Are playing shadows on the wall

**F#**

With the moon the way it is, dear

**B**

Would you answer out of spite

**C#**

**F#**

Or are you feeling lonely tonight

**F#**

Cause I remember last time

**B**

We were out under the stars

**C#**

Driving crooked down the highway

**F#**

Drinking beer in roadside bars

**F#**

And now and then I wonder

**B**

Why this painful memory

**C#**

**F#**

Can never find its way to you from me

CHORUS

**F#**

And I can't dial the phone just now

**B**

Even though I know your number

**C#**

**F#**

Can't bring my broken heart to be untrue

**F#**

Like you did today

**B**

You ll say goodbye the same old way

**C#**

Ever since you hung up on me

**F#**

I m hung up on you

Well the house I m ringing up from

Is a half a mile from you

But with the reception I m getting

Might as well be Timbuktu

And behind the door of your home

Is a strange and foreign land

Where you speak a language I don t understand

CHORUS

Now I m going down to Jimmy s bar

Like a thousand other times

With an appetite for poison

And a suitcase full of dimes

And I ll wait there by the payphone

With one hundred other guys

With those sorry hung-up teardrops in our eyes

CHORUS
