

**I Want You Around**  
**Fountains of Wayne**

This is track 11 from disc 1 of FOW's Out of State Plates Release. It is a very rough demo home recording. I love the song and I think it's another example of FOW's great writing ability.

This is probably only my 3rd tab and I did my last one years ago so I'm hoping this one turns out alright. I guarantee it's better than the tab that wasn't there before. You may have to change the key, but I think the progression is correct. I'm pretty sure the Cmaj7 is correct but the G6 could probably just be played as a standard G.

This tab is dedicated to Jessica I., one of the most special people I've ever met. I want you around.

Intro: **E-Cmaj7-G6-D** x 2

Verse 1:

**E Cmaj7 G D**  
On this day, I'm walking a fine line, Imagine in my mind

My little darlin', don't you cry, it makes you look older.

Verse 2:

**E Cmaj7 G D**  
Here's my plan, I'm losing the halo, it's time to lay low.  
**E Cmaj7 G D G**  
Man, some plan, come the high water, I'll be a drowning man.

My little darlin', don't you cry, it makes you look older.
