## Youre Just Never Satisfied Fountains of Wayne

Alright, this sounds pretty accurate to me...gimme some feedback and opinions of corrections. In any case, this a pretty neat song to play, good times :)

```
VERSE 1:
if you love me
why do you hurt me
c mon baby, don t desert me
I was there when,
you were in trouble
                      F
now you re fine but I guess you changed your mind
CHORUS:
cause you re never satisfied
         C
God only knows, what I tried to please you
                  F
you re just never satisfied
you re just never satisfied
VERSE 2:
I dont mind it
when you get angry
I m not asking, for you to fake me
all I wan t to, do is remind you
how many times I put my ass on the line
CHORUS:
BRIDGE:
you don t care if, I stuck with you
covered for you and put up with you
cause all you wanna do
is try your love with somebody new, ooh ooh ooh
```
