

## Devil Side

### Foxes

**Dm** **Bb**  
Run and hide, it s gonna be bad tonight  
**F**  
Cause here comes your devil side  
**C**  
It s gonna ruin me  
**Dm** **Bb**  
It s almost like, slow motion suicide  
**F** **C**  
Watching your devil side, get between you and me  
**Eb**  
So tell me what I need to do  
**Bb**  
To keep myself away from you  
**F**  
To keep myself from going down  
**A**  
All the way down with you  
**Dm** **Bb**  
Still I want you, but not for your devil side  
**F** **C**  
Not for your haunted life, just for you  
**Dm** **Bb**  
So tell me why I deal with your devil side  
**F** **C**  
I deal with your dangerous mind, but never with you  
**Bb** **Dm**  
Who s gonna save you now, who s gonna save you?  
**Dm** **Bb**  
I can t lie but I don t miss those times  
**F** **C**  
We were on a high, I thought it would never end  
**Dm** **Bb**  
But you and I, we ve come from the same long line  
**F** **C**  
Good kids with a devil side, just going around again  
**Eb**  
So tell me what I need to do  
**Bb**  
To get myself away from you  
**F**  
To keep myself from going down  
**A**  
All the way down with you  
**A**  
All the way down with you  
**Dm** **Bb**
