[Verse 2]

Summers are over, lights can shine again  
Giving myself to something I can't mend  
And I know someday maybe I'll be okay  
But am I to blame? Oh no

[Refrain]

I've denied myself tonight  
I pray I'll be alright, but you've let me down I swear  
Trying to cut you out  
Can't even scream and shout, 'cause you've left me numb, my dear

[Pre-Chorus]

Oh, won't you let me go?  
Don't say it's okay  
I was on my way to healing, oh

[Chorus]

It's something I just need to learn  
Every time I feel alone  
Can't keep running back to you again  
You turned my golden into dust  
Rain on me until I rust  
All I do is run to you again
