[Verse 1]
```
    A                                            C#m
You coward, I can feel you making eyes in my reflection*

I know what you re thinking, just say it, you don t like me
A                                            C#m
It s a fact that I m a dad, it makes you mad the dreams I had
C#m                    B
But I can t help it, I can t help myself
```

C#m                                         A
If I were there for you, well then my dreams, they don t come true
A                                       C#m
If I was there for them, I ll lose my family and my friends

What do I do, I can t help myself
```
