

The Streets

Foxy Shazam

This is my first submission, so please be nice :p I loveee Foxy and couldn't find tabs for this song anywhere, so I figured it out myself the best I could! Enjoy :)

C **F**
Well I tried so hard but still I fall
C **G** **C**
Fall back down the great below
C **F**
And it's been a while since I have prayed
C **G** **C**
But tonight I'm on my knees
C **F** **C** **G**
I'm asking why, why, why me?

C
The streets is where I was born
Em **Am**
And the streets is where I'll die
G **F** **E** **C**
Until then the streets is where I'll be

C
The streets is where I was born
Em **Am**
And the streets is where I'll die
G **F** **E** **D7**
Until then the streets is where I'll be

C
So keep pouring the drinks till I forget my name
F
I love my life but it gets hard
C **G** **C**
As I'm sure it does for us all from time to time
C
So keep living it through, I'll keep living it too
F
I hang my head, hang it low
C **G** **C**
And I pray that it gets a little better down the line
