

The Streets
Foxy Shazam

This is my first submission, so please be nice :p I loveee Foxy and couldn't find tabs for this song anywhere, so I figured it out myself the best I could! Enjoy :)

Bb **Eb**
Well I tried so hard but still I fall
Bb **F** **Bb**
Fall back down the great below
Bb **Eb**
And it's been a while since I have prayed
Bb **F** **Bb**
But tonight I'm on my knees
Bb **Eb** **Bb** **F**
I'm asking why, why, why me?

Bb
The streets is where I's born
Dm **Gm**
And the streets is where I'll die
F **Eb** **D** **Bb**
Until then the streets is where I'll be

Bb
The streets is where I's born
Dm **Gm**
And the streets is where I'll die
F **Eb** **D** **C7**
Until then the streets is where I'll be

Bb
So keep pouring the drinks till I forget my name
Eb
I love my life but it gets hard
Bb **F** **Bb**
As I'm sure it does for us all from time to time
Bb
So keep living it through, I'll keep living it too
Eb
I hang my head, hang it low
Bb **F** **Bb**
And I pray that it gets a little better down the line
