

When Your Minds Made Up Frames

I m not going to tab the picking. One, because I don t think Glen uses standard chords
this one. And two, I m too lazy to figure out exactly what he s doing, but these chords
to work. So just employ your own picking pattern or strumming pattern. Do something
and make the song your own, since songs like these are so emotional I don t think we
try and recreate it but rather mold it to yourself.
