Fran Healy - Anything

This is tabbed from the acoustic BBC Radio Scotland Sessions

E5 D5 C5 Em
Em D5 C5 Em
Em Em Em Em

Em **D5**
Some kind of light
C5 **Em**
Dancing in the distance
Breaking through the night
Path of least resistance
Fallen to earth
Gone in the morning
Only to return
Without warning

D **Am**
I should have wished
G **D**
When I had the chance
Gone like the water
In my hands

D **Am**
I would do anything
Am **G**
Anything for you now
I would go anywhere
Anywhere at all
Don t wanna lose you
Lose you to anyone
D **Am**
I could be anyone
Am **Em...**
Anyone at all

...D5 C5 Em
Em D5 C5 Em

Em **D5**
Look in the sky
C5 **Em**

Down by Orion
Below the plough
Cancer sits with the lion
Preying upon
Your seven sisters
Sprawled on the lawn
Playing with Ursa Minor

D **Am**
I wish I could feel
G **D**
Like a child again
Uncomplicated
Real

D **Am**
I would do anything
Am **G**
Anything for you now
I would go anywhere
Anywhere at all
Don t wanna lose you
Lose you to anyone
D **Am**
I could be anyone
Am **Em...**
Anyone at all

...**D5 C5 Em**
Em D5 C5 Em

Em **D5**
Everywhere you turn
C5 **Em**
There s derision
Glued to the mobile and the television
Sun has gone down
Something breaks the horizon
Moving so fast
Hard to focus my eyes on

D **Am**
I wish you were here
G **D**
With me tonight
Stuck on the island
Midnight

D **Am**
I would do anything
Am **G**
Anything for you now
I would go anywhere

Anywhere at all
Don t wanna lose you
Lose you to anyone
I could be anyone
Anyone at all

I would do anything
Anything for you now
I would go anywhere
Anywhere at all
Don t wanna lose you
Lose you to anyone

D **Am**
I could be anyone

Am **Em**
Anyone at all
