Have you heard about the big red ?			
They even bought a beebread rig			
To help the flowers in mean space			
They re trying to make that place green

Hope the bees will take away the storm

Here i am in my bucket today . In the middle (bis)			

They got a mule they call Sal  
Bulldozing up canal walls  
They re gonna tap that icecap too  
When they do they re gonna make that green map blue

The weather is finally getting warm  
And the weather is finally getting warm

Don t know how this whole thing started  
there was a cloud and then it parted  
Don t know if i ll ever go back  
That s how i felt when i left that tarmac
