Frank Black - Hang On To Your Ego

Please feel free to correct any mistakes I made. I haven t been playing
for too long, and this is my first attempt at a transcription.

verse 1

Bb F Bb
I know so many people who think they can do it alone

Bb F Bb
They oscillate their heads and stay in the city zone

G# G Eb
What can ya say that will make them defensive?

chorus

G C F

Bb F Bb
they come home like they re peaceful, but inside their so uptight

Bb F Bb C#
they troop through their day and waste all their thoughts at night

verse 2

C# **G#** **C#**

but how can I say it

G# **G** **Eb**

how can I come home when I know I m guilty

F **G** **F**

So, hang on to your ego.

G **C** **F**

hang on, but I know that your gonna lose the fight

Chords before and during solo:

Bb Eb D C# C

Bb F Bb Bb

G# Eb G# G#

Then repeat verse 2 and chorus

Note: I imagine that frank black plays this song with his guitar tuned down 1/2 step, but I hate re-tuning my guitar, so these chords are in standard tuning. I play all the chords sorta like barre chords.

eadgbE

i.**F#**. **Bb** 466xxx,

F x688xx,

C# x244xx etc...

Also, the lyrics may be off a little.

kind of a cool song, but he didn t include lyrics w/cassette. he tunes down to Eb for the record, this version is fingered in in E which is probably closer to what he fingers.
