Its hard to tell what exactly he is playing, but I ve tried to make the chords here sound as much like they are supposed to as possible.

If anyone has corrections PLEASE let me know as I would love to play this song exactly as it should be played, but for now this is what I have

INTRO AND VERSE

Two chords repeated throughout.

E Major

```

e |-----|-----|-----|
B |-----|-----|-----|
G |--X--|-----|-----|
D |-----|--X--|-----|
A |-----|--X--|-----|
E |-----|-----|-----|

```

Asus2

```

e |-----|-----|-----|
B |-----|-----|-----|
G |-----|--X--|-----|
D |-----|--X--|-----|
A |-----|-----|-----|
E |-----|-----|-----|

```

Two new ones at the end of the verse.

Not sure on the names of these chords so I shall name them:

                               Asus4
always coming back to the same place

Chord7

Chord5

It s enough to keep me moving along, keep moving along

Just sat by the window

Chord5 (one strum)

Watching it all go wrong

CHORUS

Ema j

Asus4

If you re tired of the same old story,

Ema j
