NOTE: Whenever I list Am in the chords, you re actually playing this riff.

VERSE 1:

Am **Dm**
Slumber blind I speak my mind

E **F**
When I m out cold or so I m told

C **G** **Am** **D**
And so I m scared to rest my head in company

VERSE 2 is the same with an extra line:

F
So peacefully

CHORUS:

C **G** **Am**
And I m just looking for the person

F **C**
Who will smile at all my questions

F **G**

Who will tell me I m just tired, and then send me

C **G**

Back to sleep

Am **F** **Am**

Back to sleep

MIDDLE:

For the F chords, just pick odd notes around the chords, ocassionally switching to an Fmaj7 (ie xx3210). Easy to pick up from the song.

F **E** **F**
You stole the covers in the night

E **Dm**
You turned away, turned out the light,

G
But it s OK because I m already miles away.

REPEAT CHORUS with different last line:

Am **F** **Fm** **Am**

Back to sleep
