Wicked new FT tune.  
I've tabbed this from a couple of youtube vids so the odd lyric/chord may be wrong. Should be bang on though. Feel free to rate/comment.

[Intro] **E**

**E G#m\* A\* B\* E**

Me and my friend dan are going to get some beers and then  
we're going to go down to the park and drink them there

**E G#m\* A\* B\***

We'll bust out in the sun with a guitar and play some songs  
call up our friends and invite them out to

**C#m\* G#m\* A\* E**

share what might be the last weekend of the summer

**F#m\* C#m**

cause september's getting colder as it goes

**A\* B\* E\* G#m\* C#m**

and we haven't done enough of this simple kind of stuff

**A B7\* E**

this year it's clear we're getting older and it shows

**E G#m\* A\* B\* E**

Well work it makes us weary now school's a distant memory  
it's easy to ask questions of ourselves

**E G#m\* A\* B\***

like where it is we're going now and what we have to show  
for all the sunny days we shoved up on the shelf

**C#m\* G#m\* A\* E**

with expectations of our ultimate directions

**F#m\* C#m**

and the stations that we should have been through by now

**A\* B\* E\* G#m\* C#m**

When we haven't read the script and our tender wings are clipped

**A B7\* E**

and yeah we're scared we might be letting someone down

**E B\* A\* F#m**

**E B\* A\* G#m\* F#m\* G#m\* F#m\***

**E G#m\* A\* B\* E**

Listen to these heartbreak songs where nothings really wrong

we'll smile when we're asked and say we're fine

**E G#m\* A\* B\***

We're drifting through our middle days, we're creeping into middle age  
setting in our ways but now it's

**C#m\* G#m\* A\* E**

time to decide now it's time to draw a line

**F#m\* C#m**

in the sand and ask what's more important than days like today

**A\* B\* E\* G#m\* C#m**

so grab some beers call your friends and meet us here

**A B7\* E B7\* E**

In the summer park with me and my friend dan
