

Polaroid Picture  
Frank Turner

VERSE 1

Man, we used to be brothers  
Superheroes and warriors  
Cowboys and Indians, train drivers  
Everything rolling through the endless summers  
But everything changes  
You got married, had children  
And I don't have your number  
The one I can remember is that place you used to live with your parents

But in the stillness of the moment it takes for a Polaroid picture  
To capture our faces forever and  
The world has turned a touch on its axis  
And the only thing certain is  
That everything changes

VERSE 2

At the end of last summer  
The place we earned our pedigrees  
Scene of our victories
