Bb~ **F7sus4~**
Blackin g in and out in a strange flat in East London
Bb/C#~ **Ebsus2~**
Somebody I don t really know just gave me something

To help settle me down and to stop me from always thinking about you
Bb~ **F7sus4~**
And you know you re life is heading in a questionable direction
Bb/C#~ **Ebsus2~**
When you re up for days with strangers and you can t remember anything
Bb~ **F7sus4~** **Bb/C#**
~ **Eb** **F**
Except the way you sounded when you told me you didn t know what I should do

[Verse]

Bb F7sus4
And I ve been wakin in the morning just like every other day
Bb/C# Ebsus2
And just like every boring blues song I get swallowed by the pain
Bb F7sus4 Bb/C# Ebsus2
So I fumble for your figure in the darkness just to make it go away
Bb F7sus4
But you re not lying there any longer and I know that that s my fault
Bb/C# Ebsus2
So I ve been pounding on the floor and I ve been crawling up the walls
Bb F7sus4 Bb/C#
Eb F
And I ve been dipping in my darkness for serotonin boosters, cider and some kind
of smelling salts

[Chorus]

F7 Ebsus2 F
Well, it s a long road up to recovery from here

[Bridge]

Bb6add9~ Ebsus2~ Bb F/G#
So on the first night we met, you said well darling lets make a deal
Bb6add9~ Ebsus2~ Bb Bbsus4>Bb>
Bbsus2 F/G#
If anybody ever asks us, let s just tell them that we met in jail
Bb6add9 Ebsus2
And that s the story that I m sticking to like a stony faced accomplice
Bb F/G#
But tonight I need to hear some truth if I m ever getting through this
Bb6add9 Ebsus2
Yeah, you once sent me a letter that said if you re lost at sea
Bb F/G#
Close your eyes and catch the tide my dear and only think of me
G# Eb
Well, darling now I m sinking I m as lost as lost can be
F Bbadd9 Csus4/D F Bb>Bbsus2
And I was hoping you could drag me up from down here towards my recovery
