[Verse]

B~ **F#7sus4~**
Blacking in and out in a strange flat in East London
B/C#~ **Esus2~**
Somebody I don t really know just gave me something
B~ **F#7sus4~** **B/C#~** **Esus2~**
To help settle me down and to stop me from always thinking about you
B~ **F#7sus4~**
And you know you re life is heading in a questionable direction
B/C#~ **Esus2~**
When you re up for days with strangers and you can t remember anything
B~ **F#7sus4~** **B/C#~**
E F#
Except the way you sounded when you told me you didn t know what I should do

[Chorus]

F#7 **Esus2** **F#**
Well, it s a long road up to recovery from here
F#7 **Esus2>B/D>Bsus2/D** **F#**
A long way back to the light
F#7 **Esus2** **F#**
A long road up to recovery from here
F#7 **E**

A long way to making it right

[Verse]

B **F#7sus4**
And I ve been wakin in the morning just like every other day
B/C# **Esus2**
And just like every boring blues song I get swallowed by the pain
B **F#7sus4** **B/C#** **Esus2**
So I fumble for your figure in the darkness just to make it go away
B **F#7sus4**
But you re not lying there any longer and I know that that s my fault
B/C# **Esus2**
So I ve been pounding on the floor and I ve been crawling up the walls
B **F#7sus4** **B/C#**
E **F#**
And I ve been dipping in my darkness for serotonin boosters, cider and some kind
of smelling salts

[Chorus]

F#7 **Esus2** **F#**
Well, it s a long road up to recovery from here
F#7 **Esus2>B/D>Bsus2/D** **F#**
A long way back to the light
F#7 **Esus2** **F#**
A long road up to recovery from here
F#7 **E**
A long way to making it right

[Bridge]

B6add9~ **Esus2~** **B** **F#/G#**
So on the first night we met, you said well darling lets make a deal
B6add9~ **Esus2~** **B** **Bsus4>B>Bsus2**
F#/G#
If anybody ever asks us, let s just tell them that we met in jail
B6add9 **Esus2**
And that s the story that I m sticking to like a stony faced accomplice
B **F#/G#**
But tonight I need to hear some truth if I m ever getting through this
B6add9 **Esus2**
Yeah, you once sent me a letter that said if you re lost at sea
B **F#/G#**
Close your eyes and catch the tide my dear and only think of me
A **E**
Well, darling now I m sinking I m as lost as lost can be
F# **Badd9** **C#sus4/D** **F#** **B>Bsus2**
And I was hoping you could drag me up from down here towards my recovery

F#7sus4

If you could just give me a sign, just a subtle little glimmer

B/C#

Esus2

Some suggestion that you'd have me if I could only make me better

B

F#7sus4

B/C#

Esus2

Then I would stand a little stronger as I walk a little taller all the time

B

F#7sus4

Because I know you are a cynic but I think I can convince you

B/C#

Esus2

Yeah, cause broken people can get better if they really want to

B

Or at least that's what I have to tell myself if I am hoping to survive
