Hi Again!

Here s another FZ tune. This is the way that I play this one in my band
The Zappa Instrumentaale. It s a good basic riff for a guitarist to solo
over & any band can work up some hot moments with this trance-like riff.
It s not all that hard to play but you will need to stretch a bit in the `B
section (or finger it across 2 strings). It s played on a 5-string but I
will provide alternate fingerings at the end.I would love to hear from any
other FZ fans playing this stuff (live or bedroom) & would appreciate
getting any other FZ TABs, either Bass or Guitar). I would also be pleased
to receive any corrections. Ciao!
