[Verse 1]
     G
Last night she called me crying
       D
Saying please don t be upset
            Em
She said what I m about to tell you
     D   **Csus2**
We re gonna wish we never met

      G
So I tried to keep myself calm
      D
And listen to her speak
      Em
But her words just wouldn t come out
D   **Csus2**
So I had to intervene

[Pre-Chorus]
   Am7   **G/A**   **Bm**   **Csus2 G/A**
The sound of hers was cracking on the phone
 Am7   **Bm7**   **Dsus4**
Immediately I felt something so wrong

[Chorus]
                           G   **D**
I hope he breaks your heart , I hope he tells you lies
                  Em   **D** **Csus2**
And makes you cry a river , never helps it dry
                G   **D**
I hope he let you down , and never lifts you up
          Em   **D** **Csus2**
Runs away forever , never to return
               G   **D Em D Csus2**
I hope he breaks your heart

[Verse 2]
       G
Well it felt like someone stabbed me
       D
Ripped my heart out of my chest
     Em
When I heard that he proposed to you

```
D        Csus2
And your answer was yes

            G
I guess this love only home to me
                D
While you were only paying rent
        Em
But they say misery loves company and I m
D    Csus2
So glad now that you re with him

[Pre-Chorus]
   Am7                      G/A      Bm    Csus2
If I d had known this from the very start
   Am7              Bm7          Dsus4
I would have never given you my heart

[Chorus]
                    G                        D
I hope he breaks your heart , I hope he tells you lies
                Em                  D Csus2
And makes you cry a river , never helps it dry
                G                    D
I hope he let you down , and never lifts you up
            Em          D Csus2
Runs away forever , never to return

[Bridge]
                    Am7
I hope he breaks the promises he makes
            Bm7
And takes way more than he will ever give
   Ebdim      Bsus4    Ebdim              Em
So you could feel the bricks I had to take
        Em9 D      C Bm    Am7
From which I  still forgive you for
                        C/C
Before you to walk out the door

[Chorus]
                    G                        D
I hope he breaks your heart , I hope he tells you lies
                    Em                  D  Csus2
And makes you cry a river , never helps it dry no more
                G                    D
I hope he let you down , and never lifts you up
            Em          D Csus2
Runs away forever , never to return
                    G
I hope he breaks your heart
