

Rallying Cry
Frantic Jack

Am **G**
Shoot me down, lay me to rest
F **G** **Am**
Time donâ€™t wait for no man she said
Am **G**
Pick you religion and hope for the best
F **G** **Am**
Battle lines are drawn in the end

Am **G**
So I go down, oh,
F **G** **Am**
This time it gets harder to breath
G
So I go down, oh,
F **G** **Am**
This poor world has started to bleed

C **G**
But I will wait on,
Am **G** **F**
Till I hear your call
C **G**
And I will break out
Am **G** **F** **Am**
When I fear no more

Am **G**
Donâ€™t feel uneasy look him dead in the eye
F **G** **Am**
Youâ€™ve listened now itâ€™s your time to show
Am **G**
Blow your mind open, with the thought of a lie
F **G** **Am**
Rest easy now thereâ€™s no where to go

Am **G**
So I go down, oh,
F **G** **Am**
This time it gets harder to breath
Am **G**
So I go down, oh,
F **G** **Am**

This poor world has started to bleed
