

The Great Estates
Freelance Whales

This is my first submission.

Capo II (Everything relative to capo)

Follows a simple pattern of: **Gm - A - Em - Gm.**

Without Capo: **Gm - Bb - Fm - Gm.**

Play the first Gm in each line only on the top 4 strings: xx4222.

Gm **A**
We beg rebirth

Em **Gm**
to take us up

Parade our souls

out by the back gate

Some claw the ground

Some cut the air

Some warm the seas

But what will you be and when?

And I swim through dirt

To find you out

And a wail without his family history is

And I used to shout

To find my way

The water find my distant memory failed

(The Chorus uses the same chords but it s fun to pick around them as you can find the lead melody easily.)

Gm **A**
Look into the reigns of a great estate

Em **Gm**
Better lights pull you out of the ground

Seep into the wood of the great estates

Animals your soul will guide

Give into the reigns of the great estates

Better lights pull you out of the ground
Seep into the wood of the great estates
Animals your soul will guide
Give into the reigns of the great estates
Better lights pull you out of the ground
Seep into the wood of the great estates
Animals your soul will guide
Give into the reigns of the great estates
Better lights pull you out of the ground
Seep into the wood of the great estates
Animals your soul will guide
