

Record Player

Freeman Dre & The Kitchen Party

[Intro]

D A Bm G D A D A

[Verse]

I had record player that played the blues
and front porch where Iâ€™d get my daily news
they say faith that s believing when you aint got any proof
But I had a record player that told the truth

[Verse]

I have a good Dad. When I was 12 years old
He gave me Harvest, Blonde on Blonde, and Rubber Soul
He said â€œhere, this is some rock n roll that helped me in my youthâ€•
He had a record player that told the truth

[Chorus]

Iâ€™d listen to the songs that I heard
I found religion and wisdom in the words
On every crackle of vinyl when the needle hit the groove
I had a record player that told the truth

[Verse]

I had a girlfriend, she liked the Band
Weâ€™d go to her momâ€™s place, sheâ€™d take my hand
And lead me up the fire escape and slow dance on the roof
She had a record player that told the truth

[Instrumental]
