You know you never know your self
All of thos awkward silences
All the years youve lived you
Over break fast as you
Em
                   Am
could be someone else
fumble with your toast
                                G F# F
And all the times youve been alone
and now the ma-gics gone for good
      All the lies you told now
Little things get on your nerves that
Em
            Α
haunt ya perfect spacious home and now
never bothered you be - fore and now
