[Verse]

C
when i drew the curtain to let the light in
Am
the night had come, just imagine
Dm
i shuffled my feet to the door
G
on the cold spotless floor
C
the door wouldn't open or i didn't really try
Am
my head hurt and i didn't know why
Dm
i turned around and you were there
G **C**
asleep, unstirred, unaware

[Chorus]

Dm
their eyes are small but their looks are deep
C
i hear them call when i'm trying to sleep
Am
they creep and crawl and fall and leap
G **C**
i'm a grown up and all but it makes me wanna weep

[Verse]

(C)
once you were gonna be away overnight
Am
so i pressed "play" and turned off the light
Dm
giving way to blue moonbeams
G
that turned the music into screams
C
among the bugs and monsters
Am
lurking in dark corners
Dm

there must have been a fairy
