C F
Like the very first moment we met

So please take my hand
C F
I won't let you leave this time

Dust off that old record machine
C F
Stack it up until it reaches the ceiling

Dance into the night until we fall down laughing

I know

You got a bottle and it's sitting on ice

Two glasses close

We can stop for a little while

Hold me just like lovers do

Flip that record and weâ€™ll do it all over
