**F**

Sell you revolutions by the minute, give us cash we don t need the credit

**Am**

Take it home, share it with our friends, go on now give it up to the children

**G**

Respect and love is where it begins, but it don t stop there the journey continues

One day, two day never be enough

We can t be choosy who we show love it s one solid step at a time

Leads us down the road where the future looks bright

Rock patio monkey

**Am C G F**

Rock patio monkey

Alright, bring it up

**Dm**

**Am**

How many monkeys does it take to start an evolution

**Dm**

**Am**

Some say a hundred, I say maybe seven, just

**Dm**

**Am**

Give them a place where they can free their minds

**G**

**F**

**E**

And they will take their message to the rest of the human race

[Verse]

**Am**

Relax, make yourself comfortable

**C**

**G**

I ain't here to serve you maybe I can help you if this old world

**F**

Is giving you trouble what you need is some of my monkey elixir

**Am**

**C**

But whoa it may taste bitter drinking from the spring of life's simple pleasures  
but

**G**

**F**

Hey hey that's okay the more you drink the less you'll be thirsty

**Am**

**C**

Then one day I don't know when but it's coming if you're wicked man you better  
start running

**G**

**F**

There's an army of youth with conscious minds who'll hold you to your  
constitutional crimes

**Am**

**C**

Standing there naked to the elements without your bodyguards protection

**G**

**F**

Then your mind will make the connection how you missed the train and now you're  
stuck at the station

[Chorus]

**Dm**

**Am**

How many monkeys does it take to start an evolution

**Dm**

**Am**

Some say a hundred, I say maybe seven, just

**Dm**

**Am**

Give them a place where they can free their minds

**G**

**F**

**E**

And they will take their message to the rest of the human race

**Am C G F**

Rock patio monkey!

**Am C G F**

You be sassy I'll be funny

**Am C G F**

And we can share in our money
