Blue Cassette - Friendly Fires

Tabbed by: Alex Englen

Tuning: Standard

This is one of my favorites and there weren't any good tabs out for it so I thought I'd share this.

Note: During the choruses I highly suggest playing **F#add9** the simple bar chord way shown below as it is much easier to play during the fast choruses when you are shifting. In fact I suggest playing the whole song but the verses using bar chords.

Enjoy.

Intro: (**F#add9**) which can also be played lower as:

G|-----|
D|--6--|
A|--4--|
E|--2--|
