

**Heads Roll Off**  
**Frightened Rabbit**

Hi, This is my Acoustic version of Heads Roll Off.  
I know it s not how Scott plays this song but it  
works for me and makes it easy to play.  
The strumming pattern is quite fast paced and  
I don t have the technical ability to explain but  
you can view my video, the link s below.  
Sorry if chord names are wrong but I will list the fingering.  
Comments welcome.

So you can burn me  
â€˜Cause we ll all be the same, the same way

And God s got His dead friends round  
He s painted all the walls red  
To remind them they re all dead

And you know when it s all gone, something carries on  
And it s not morbid at all  
Just when nature s had enough of you  
When my blood stops, someone else s will not  
When my head rolls off, someone else s will turn  
You can mark my words, I ll make changes to earth (leads straight into outro)

Outro

While I m alive, I ll make tiny changes to earth  
Tiny changes to earth, tiny changes to earth  
Tiny changes to earth

(Repeat outro as long as you Like)
