Lyrics

When I hold you baby  
Feel your heartbeat close to me  
Wanna stay in your arms forever  
Only love can set you free

Set you free and dance forever  
Set you free and forever

When I wake each morning  
And the storm beats down on me  
And I know we belong together  
Only love can set you free

Set you free and dance forever  
Set you free and forever

When we touch each other  
In a state of ecstasy  
Want this night to last forever  
Only love can set you free
